

**CANDIDATE STATEMENT  
ROSEVILLE CITY SCHOOL DISTRICT, TRUSTEE AREA 1**

**Name: STEVE LESCH**

**Age: 41**

**Occupation:** Father/Electrical Engineer

**Education and Qualifications:** As a dedicated Roseville resident and father, I am passionate about ensuring the best future for our children. With three children who attended Cresmont, Eich, and Oakmont, including one currently at Eich and one at Oakmont, I understand the importance of a safe, supportive, and thriving educational environment.

I hold a Bachelor of Science in Electrical Engineering and have nearly 15 years of experience as an engineer, focusing on improving energy infrastructure and safety. Currently, I serve as an Account Director at Pacific Power Reps, where I develop solutions to enhance electric grid safety and reduce wildfire risks. This experience equips me with the problem-solving skills and dedication needed to address challenges facing our schools.

As a father, my priorities are campus safety, parental involvement, and ensuring better educational outcomes for all students. Parents have the primary responsibility for their children's education and must have a strong voice in school decisions. I am committed to advocating policies that prioritize safety and security on our campuses and actively involve parents in their children's education.

I am eager to work towards a brighter future for all students. It would be an honor to serve you on the Roseville City School Board.
