

**CANDIDATE STATEMENT
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT,
TRUSTEE AREA 3**

Name: JOYCE HENRY

Age: 63

Occupation: Retired Educator of RJUHSD/Parent of Roseville High School Graduate

Education and Qualifications: As a recently retired teacher, I served RJUHSD students for 33 years, working with thousands of students, from the most gifted to the most needy. I have learned a lifetime of lessons about my students and their families, where they came from and where they hope to go. Over the years our schools have undergone many changes and challenges, but one thing remains the same: When we put students first in our decisions, students will thrive and so will our community.

As I reached retirement, I was more passionate about the work of educating our youth than ever. I want to use that passion and my in-depth knowledge of the day-to-day workings of a Roseville classroom to maintain the investment we have made in making our schools some of the best in the region. I want to ensure that our schools continue to be a place where all young people learn the skills to be successful in the life of their choosing, as scientists, hairdressers, mechanics or even as makers of the next iteration of AI or whatever marvels the future brings. If you also believe in a student centered district vote Joyce Henry, RJUHSD Board TA 3.

**CANDIDATE STATEMENT
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT,
TRUSTEE AREA 3**

Name: TIFFANY COLEMAN

Age: 52

Occupation: Roseville Joint Union High School District Trustee/Mom

Education and Qualifications: Hi, I'm Tiffany Coleman, current RJUHSD Trustee, longtime Roseville resident, and mom to four district graduates plus one 8th grader! In 2010, my husband Chad and I established an engineering firm in Roseville and have been grateful to guide its successful growth. I'm deeply rooted in our community and am excited to continue my experience and love for this work on the board.

My core objectives include the following:

I will prioritize a focus on the core education of the students. There are many venues to hammer out social issues - but our school grounds should be neutral and focused on what they do best - educate.

I'm committed to keeping strong families in public schools by being transparent and genuinely partnering with parents. Parents are always part of the school equation.

I am intent on helping each school site thrive as a hub of the community and a place of school pride. Sites should attract and inspire students, teachers, and families.

I will always act with civility and respect for others, which are essential characteristics of leadership in a healthy community.

I welcome your questions and appreciate your vote!
