

**CANDIDATE STATEMENT  
SAN JUAN WATER DISTRICT, DIVISION 2**

**Name:** PAMELA “PAM” TOBIN

**Occupation:** Board of Director,

**Education and Qualifications:** I'm seeking re-election to the San Juan Water Board of Directors. As a board member, my foremost responsibility and fiduciary duty is to protect and provide you with reliable, clean, safe, and affordable drinking water. With extensive experience in water management and a strong commitment to our ratepayers, I advocate for your needs at San Juan Water District and for the Sacramento Region.

I prioritize accountability and responsibility to you, our customers, while fostering crucial partnerships with sister agencies ensuring sustainability and reliability in delivering of water. Our pre-1914 water rights at Folsom Lake Reservoir face ongoing challenges and attacks from state and federal agencies. I have built trusted relationships with Congressional representatives, the Governor's office, and the State. Through those relationships, I have safeguarded these rights and brought home over \$1.2 million in federal tax dollars in grants to enhance our infrastructure reliability.

While President of the state's premier Association of California Water Agencies, Regional Water Authority, and Sacramento Groundwater Authority, I have championed policies like the California Resiliency Portfolio and forest management initiatives to protect our water sources from wildfire risks.

I have a deep commitment to our water community, and I am dedicated to building a resilient future together. Please, help me with your support to ensure a sustainable water future for all of us. Thank you.

**CANDIDATE STATEMENT  
SAN JUAN WATER DISTRICT, DIVISION 2**

**Name:** KENNETH MILLER

**Occupation:** Director, San Juan Water District

**Education and Qualifications:** Retired Utility Manager, resident and more than 40 years of community involvement.

As your representative, I am committed to continue seeing that we have the safest, most reliable water supply possible, at the lowest rate.

The drought has greatly affected all of us who rely on Folsom Lake as our primary source of water. The combined effects of the drought and the proposed Delta tunnels greatly threaten that source. I have worked on a plan that is now in effect to pump water from the Sacramento basin back to the consumers of San Juan Water District and create interties with other agencies to meet our needs.

This past year, the state mandated a 33% reduction in water use, but you did a great job of saving even more. We now must protect that savings and future conservation and not let it be shipped to southern California.

Many challenges continue to face us. Our water rights are some of the oldest in California and I will continue to fight to protect them as the Feds continue to draw down the water at Folsom Lake.

Thank you for your continued support.

**CANDIDATE STATEMENT  
SAN JUAN WATER DISTRICT, DIVISION 2**

**Name:** ASIF A. SHEIKH

**Age:** 47

**Occupation:** Business Owner

**Education and Qualifications:** I am committed to addressing the critical issues facing our water system and ensuring a sustainable future for our community. My experience running multiple businesses, along with a strong background in accounting and finance, equips me with the analytical skills to make informed decisions and provide effective, professional oversight.

As the founder of the non-profit Good Effort, I recently collaborated with 13 organizations to host "Unity Eid 2024" at Cal Expo. This experience highlights my dedication to community engagement and collaborative problem-solving.

My key priorities include infrastructure improvements, wildlife protection, and modernizing old pipelines to ensure safe drinking water. I am committed to protecting our water resources, addressing climate impacts, and managing water efficiently during dry seasons.

I will work to protect residents' water rights and strive to maintain fair water pricing. With a collaborative and community-focused approach, I am confident that together we can create a sustainable water future for San Juan Water District.

Vote Sheikh for San Juan Water District 2.
