safely; work on solutions to neighborhood noise and annoyance; and to ensure the Airport District gives back to all of the communities it collects \$7M in property taxes from annually. Since being elected, my efforts have been focused on ensuring the Airport District increased its contributions to community partnerships, recreation and trails, transportation, environmental initiatives and airside actions. I have served as the District's representative on the Mountain Housing Council, ensuring the District's active participation in providing solutions to affordable housing needs in the region. I have also worked to establish a disclosure policy for the Board related to
